1. About First Super

First Super is an industry super fund. We are run only to benefit our members.

We manage about \$5.7 billion in funds for almost 80,000 members around Australia.

We welcome all Australian residents regardless of their occupation or location, but we have particularly strong links to the furniture and joinery industry, the pulp and paper industry and the timber industry.

We provide members with a dignified retirement by delivering strong long-term investment returns, flexible products and ongoing support.

We offer five investment options: Shares Plus, Growth, Balanced (MySuper option), Conservative Balanced and Cash.

You can find important information about us, including our Trust Deed, Trustee and executive remuneration, Annual Report and other Fund documents, at www.firstsuper.com.au.

The MySuper product dashboard is available at www.firstsuper.com.au/mysuper.

2. How super works

Superannuation helps you save for retirement. Most people are eligible to receive employer contributions of 12%.

In Australia, we have a compulsory retirement savings system, which means that in most cases, your employer is required to make a contribution into your super fund. This is called the Superannuation Guarantee (SG). This money is invested by the super fund and the money earned on these investments is added to your account.

When you retire or stop working, this money can be used to provide you with an income. The building blocks of super are:

Contributions
<ul style="list-style-type: none">• Employer contributions• Government co-contributions (if eligible)• Member contributions• Transfers / roll-ins
+ Net investment returns (if positive)
- Amounts deducted
<ul style="list-style-type: none">• Fees and costs• Insurance premiums (if applicable)• Government taxes• Net investment returns (if negative)
= Balance
<ul style="list-style-type: none">• Your super account balance

These include:

- Concessional (before-tax) contributions such as salary sacrifice contributions made by arrangement with your employer, and any personal contributions for which you claim a tax deduction. The concessional contribution cap for the 2026/27 year is \$32,500.
- Non-concessional (after-tax) contributions such as lump sum or regular payments you make from your take-home pay.

After-tax contributions of up to \$130,000 a year (or \$390,000 in a three-year period) can be made for the 2026/27 financial year.

The 'bring-forward' rule allows those under 75 years of age to make up to three years' worth of after-tax contributions to their super in a single income year. This means you can put up to \$390,000 into your super in one financial year without having to pay extra tax.

Choosing where your super is paid

Most people have the right to choose the fund their employer pays their SG contributions into. To find out if you can choose your fund, speak to your employer, contact First Super or visit ato.gov.au/super.

Since 1 November 2021, when you start at a new workplace your contributions will go to your 'stapled' (existing) fund unless you choose your own fund. If you don't have a stapled or chosen fund, your employer will pay your super to their nominated fund.

Contributing to super

Employer contributions

In most cases, SG law requires an employer to contribute a percentage of your ordinary time earnings to superannuation. Currently, the Superannuation Guarantee is an amount equal to 12% of your annual salary (subject to salary cap).

If you join First Super, any employer contributions can be credited to your member account.

Contribution types and limits

The government sets limits on the amount you can contribute to super. In addition to the SG contributions from your employer, there are other types of contributions you can make.

Accessing your super

The Government provides tax incentives to encourage people to save for retirement using their super. You generally cannot withdraw your money from super until you retire permanently from the workforce, and after reaching Preservation Age which is 60 years of age.

You may also be able to withdraw money early for severe financial hardship, terminal illness, or on compassionate grounds.

i You should read the important information about contributing to super, combining your super and the rules on withdrawing money from super before making a decision. Go to the *More about First Super* booklet available from www.firstsuper.com.au/pds. The material relating to contributing to super and withdrawing money from super may change between the time when you read this Statement and the day when you acquire the product.

4. Risks of super

All investments carry risk. There are several risks associated with investing in super that you should consider.

- Investment returns may go up and down over time, so your super may also go up and down.
- The Fund's investment returns are not guaranteed, which means you may lose some money.
- The level of return for each of the Fund's investment options will vary. Past returns are not a reliable indicator of future returns.
- Different strategies carry different levels of risk, depending on the assets comprising the strategy. Assets with the highest long-term returns may also carry the highest level of short-term risk. For more information about First Super's investment options, how the default option is invested and associated risk levels see Section 5, 'How we invest your money'.
- Laws affecting super (such as superannuation laws, taxation and social security) may change over time.
- The amount of your future superannuation savings (including contributions and returns) may be insufficient to provide adequately for retirement.
- The level of risk for each person will vary depending on a range of factors including age, investment time frames, where other parts of the person's wealth are invested and personal risk tolerances.

Generally, investment in high-risk assets produces higher returns over the long-term, with a greater chance of a negative return over the short term.

Each of the four main asset classes – shares, property, fixed interest and cash – have different levels of risk and different potential for returns.

Risks specific to First Super include risks arising from inflation, changes to the management of underlying assets, and market and liquidity risks.

i You should read the important information about the risks of super before making a decision. Go to the *Investing your super* booklet, which is available at www.firstsuper.com.au/pds or by calling Member Services on **1300 360 988**. The material relating to the risks of super may change between the time when you read this Statement and the day when you acquire the product.

5. How we invest your money

You can choose to invest in one option or in any combination of our five accumulation investment options. If you do not choose, your money will be invested in the Balanced option, which is our default option and First Super's MySuper product.

! When choosing your investment option, consider the likely investment return, the level of risk, and your own personal investment time frame.

Asset class	Strategic Asset Allocation	Range
● Australian equities	24.0%	0-40%
● International equities	32.0%	0-40%
● Private equity	6.0%	0-25%
● Infrastructure	13.0%	0-20%
● Property	5.0%	0-20%
● Fixed interest	8.0%	0-20%
● Floating rate debt	8.0%	0-20%
● Cash	4.0%	0-15%
● Other	0.0%	0-5%

Asset Mix: Growth 75% – Defensive 25%

*Actual asset allocation percentages may not add up to 100% due to rounding.

Standard Risk Measure

The Standard Risk Measure allows you to compare investment options on the basis of investment volatility. The lower the risk band number, the less likely an investment option will deliver a negative return. The First Super MySuper product aims to have a lower risk band than the average MySuper option.

First Super reserves the right to change its default investment option or any of its other investment options, including the types of investments and asset allocations within an option. Members of the Fund will be notified of any such changes.

About our investment options

First Super offers four other investment options in addition to the Balanced (MySuper) option: Shares Plus, Growth, Conservative Balanced and Cash. For information about these investment options refer to pages 6 to 8 of the *Investing your super* booklet at www.firstsuper.com.au/pds. For information about how First Super takes into account labour standards or environmental, social and ethical considerations regarding its investment options, refer to page 10 of *Investing your super*.

How to make or change your investment choice

When joining First Super, complete the 'Member investment choice' section of the relevant *Membership Application Form* (Employer-Sponsored or Personal) to indicate your investment choice.

You can choose to switch investment options at any time, as long as your account balance is at least \$1,000. Two switches each financial year are available at no additional cost. Each additional switch costs \$30.00.

Objectives

- Achieve an investment return (after tax and investment expenses) that exceeds inflation, as measured by the Consumer Price Index, by at least 3.0% per annum over rolling 10-year periods
- Confine the chance of the rate credited to members falling below zero in any financial year to less than one in four
- Achieve an investment return (after tax and investment expenses) that exceeds the median of the SuperRatings Default Option Survey over rolling five-year periods.

Investor profile

This option is likely to appeal to members seeking mid to long-term growth of their super along with diversification across asset classes.

Risk profile

Designed to provide good growth over the mid to long-term while reducing risk through diversification. Likely to slightly underperform against the Shares Plus and Growth options over the long-term.

Minimum time frame

The suggested minimum timeframe for the Balanced option is 10 years.

Standard risk

Likelihood of negative returns: 4.5 In every 20 years

Risk band: 6 | **Risk label:** High

You can:

- choose to invest your total super account balance in one or more options, or
- choose separate investment options for your current account balance and your future contributions.

To change your investment options, complete and return an *Investment Choice Form*.

Switches are generally processed weekly and become effective from the end of the week in which the switch was processed. However, the Trustee reserves the right to adjust the timing of switches where it considers necessary for good management of the Fund.

If you need help making your investment choice, contact First Super to arrange to speak with a licensed Financial Adviser.

i You should read the important information about how we invest your money before making a decision including our approach to socially responsible investing. Go to the *Investing your super* booklet at www.firstsuper.com.au/pds or request one by contacting Member Services on **1300 360 988**. The material relating to how we invest your money may change between the time when you read this Statement and the day when you acquire the product.

6. Fees and costs

Did you know

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns.

For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30-year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You or your employer, as applicable, may be able to negotiate to pay lower fees. Ask the Fund or your financial adviser.*

To find out more

If you would like to find out more, or see the impact of the fees based on your circumstances, the **Australian Securities and Investments Commission (ASIC)** Moneysmart website (www.moneysmart.gov.au) has a superannuation calculator to help you check out different fee options.

*This text is required by law. However, our fees and costs are not negotiable.

This section provides summary information about the main fees and costs for the First Super Balanced (MySuper) option. This information can be used to compare costs between different superannuation products.

¹ If your account balance for a product offered by the superannuation entity is less than \$6,000 at the end of the entity's income year, certain fees and costs charged to you in relation to administration and investment are capped at 3% of the account balance. Any amount charged in excess of that cap must be refunded.

² Investment fees and costs include an amount of 0.07% for performance fees. The calculation basis for this amount is set out under 'Additional explanation of fees and costs' section in the *More about First Super* booklet available from www.firstsuper.com.au/pds.

³ Other fees and costs, such as activity fees, advice fees for personal advice, or insurance fees, may apply. Refer to 'Additional explanation of fees and costs' section in the *More about First Super* booklet available from www.firstsuper.com.au/pds.

⁴ Where the cost of operating the Fund is greater or less than the total amount of fees deducted, this difference is applied to the administration reserve. The Fund claims a tax deduction for administration costs and insurance premiums each year, which is paid into the administration reserve.

Note: For an explanation of the terms used in this section, see the *More about First Super* booklet available from www.firstsuper.com.au/pds or by contacting Member Services on **1300 360 988**. The fees are inclusive of GST, less any input tax credits (and any applicable stamp duty if relevant).

You may elect to have a fee paid from your account to an ASIC registered financial adviser for provision of advice about your superannuation account with First Super. Refer to the Statement of Advice in which details of the fees are set out. Please contact us should you wish to do this. The Trustee will refuse to permit payment of such a fee if it contravenes any law.

Salary sacrifice contributions	Yes at 15%*
Personal tax deductible contributions	Yes at 15%*
Personal after-tax contributions	No

Tax on investment earnings

Up to a maximum of 15% tax is payable on the investment return your account earns. This tax is deducted before crediting rates are declared, so crediting rates are shown after tax.

Tax on benefits – a general guide

Tax on benefits is complex, and your decisions about how and when to take your benefit can affect the tax payable and your Age Pension entitlements. Discuss your personal situation with a licensed financial advisor. For up-to-date tax information, visit ato.gov.au/super or call the ATO on **13 10 20**. Any tax due on benefit payments is deducted before payment.

Tax on retirement benefits and withdrawal benefits

- If you are 60 or over, you will pay no tax on your benefit
- If you are under Preservation Age and access your super early due to receiving a TPD claim, financial hardship or on compassionate grounds, the entire taxable component of your benefit will be taxed at 20% plus the Medicare levy
- If you are terminally ill your benefit will be tax free.

Rollovers into or out of a superannuation fund

Generally, no tax is payable.

7. How super is taxed (continued)

Death benefit

Lump sum death benefits paid to dependants (as defined for tax purposes) are tax free. If paid to a non-dependant, part of the benefit may be taxed.

Total and Permanent Disablement benefit

Total and Permanent Disablement benefits are taxed at different rates, depending on your age when you were disabled.

- ! Tax on contributions is deducted on receipt and remitted to the ATO as required by law. **If you exceed contribution limits (\$130,000 for non-concessional contributions and \$32,500 for concessional contributions) you pay extra tax.** This may be deducted from your account if permitted by law.
- ! **Don't pay more tax than required. Provide your Tax File Number!** Providing your TFN is not compulsory. However, if you don't, employer and salary sacrifice contributions will be taxed at the top marginal tax rate; personal contributions cannot be accepted without a TFN; and it will be more difficult to trace super accounts in your name and to receive your benefits in retirement.

- i You should read the important information about how super is taxed before making a decision. Go to pages 14 to 16 of the *More about First Super* booklet at www.firstsuper.com.au/pds. The material relating to how super is taxed may change between the time when you read this Statement and the day when you acquire the product.

- ✓ **easy:** premiums are deducted from your First Super account, and applications to increase or recommence cover can be done by filling out an application form.
- ✓ **flexible:** you can increase your insurance cover easily to suit your needs and situation (subject to meeting the Insurer's health evidence requirements).
- ✓ **affordable:** each unit of Death (including Terminal Illness) and Total and Permanent Disablement (TPD) insurance cover costs \$2.68 per week (Blue Collar/manual), \$1.22 per week (White Collar/non-manual) and, \$1.11 per week (Professional). For Death cover only, the cost is \$0.77 per week (Blue Collar/manual), \$0.36 per week (White Collar/non-manual) and \$0.31 per week (Professional). Rates are inclusive of an insurance handling fee (4.67% of member premiums) and Stamp Duty.

Insurance is provided under group insurance policies taken out by the Trustee and issued by TAL Life Limited (ABN 70 050 109 450 AFSL 237848). In case of inconsistency between the PDS and insurance policies, the policies shall prevail.

First Super provides eligible members with insurance cover for:

Death and Total and Permanent Disablement (TPD)

This provides a financial benefit if you die or if you become totally and permanently disabled. Insurance cover is available for Death (and Terminal Illness) and TPD and ceases at age 70.

Voluntary Income Protection

You can choose to apply for Income Protection insurance cover, which provides a monthly income to help you meet your living expenses and other financial commitments for up to two years if you are totally or partially disabled due to illness or injury and unable to work. This insurance cover is not automatically provided to members and ceases at age 65.

Automatic (default) Death and TPD

When you join First Super, if you are eligible, you are automatically covered for four (4) units of Death (including Terminal Illness) and TPD insurance cover. Employer-Sponsored Members who joined when they first became eligible, who are in active employment and who have never been eligible to receive a TPD benefit can increase their automatic insurance cover by ticking a box on the *Application Form*. Personal Members cannot increase their default cover in this way. Limited Cover may apply to the default cover, which generally means you will not be covered for existing conditions.

Once your insurance cover has been issued you can:

- change to the White Collar/non-manual or Professional rates if you qualify for them

- fix the value of your automatic insurance cover so it doesn't decline over time
- apply for more units of insurance cover
- apply for a fixed amount of insurance cover
- transfer other insurance cover you have into First Super
- cancel some or all of the insurance cover.

Putting Members' Interests First legislation requires super funds to provide insurance on an 'opt-in' basis only to:

- members whose super balances are below \$6,000 on or after 1 November 2019; and
- members who are under age 25 and hold a new super account from 1 April 2020.

See www.firstsuper.com.au/insurance or call us on **1300 360 988** for more details.

- ! Contact Member Services on **1300 360 988** if you wish to cancel some or all of your insurance, otherwise it will continue and premium payments will be charged to your account. You can also contact us if you wish to change or cancel your current insurance cover.

Fees are deducted from your super account and insurance cover continues as long as there are sufficient funds to pay the fees and eligibility is still met.

Important information before you get started

There are three ways to tell First Super who you want to receive your super benefit, including any insurance payable, when you die.

1. Lapsing Binding Beneficiary Nomination
2. Non-Lapsing Binding Beneficiary Nomination
3. Non-Binding Beneficiary Nomination.

To help you decide what type of beneficiary nomination is better for you, read First Super's *Nominating Beneficiaries Fact Sheet* at firstsuper.com.au/fact-sheets.

What are the differences between Lapsing Binding, Non-Lapsing Binding, and Non-Binding Nominations?

A Binding Nomination instructs the Trustee (First Super) about who you want to receive your benefit and in what proportions. As long as it's valid at the time of your death, we are legally bound to follow your instructions.

There are two types of **Binding Nomination**.

- > A Non-Lapsing Binding Nomination is valid indefinitely unless you cancel or amend it.
- > A Lapsing Binding Nomination only lasts for three years, so you will need to keep it updated for your wishes to be followed. Members with a Lapsing Binding Nomination in place will be reminded to update it before it expires.

A **Non-Binding Nomination** is a request for First Super to pay your benefit to the person or people you've asked. It is not legally binding, so while we will take it into account, we must ultimately follow super and tax laws when deciding who receives your money.

Make your Non-Lapsing Binding Nomination or your Non-Binding Nomination online

Log into your firstonline account at firstsuper.com.au/login and go to 'Beneficiaries' under 'My details' to make your nomination instantly online.

Who can be nominated as a beneficiary?

You can nominate:

1. One or more dependants. A dependant is generally a child, spouse, financial dependant, or person with whom you have an interdependency relationship. See the *Nominating Beneficiaries Fact Sheet* for examples of these relationships.
2. Your Legal Personal Representative. This is the executor of your Will or the person responsible for administering your estate if you do not have a Will. If you want to leave your benefit to a non-dependant, nominating a Legal Personal Representative means all or part of your super can be distributed under the terms of your Will.

What is an interdependency relationship?

Two people may have an interdependency relationship if:

- > they have a close personal relationship
- > they live together
- > one or each of them provides the other with financial support
- > one or each of them provides the other with domestic support and personal care.

An interdependent relationship can also exist if a close personal relationship exists but the other requirements for interdependency are not satisfied because of a physical, intellectual or psychiatric disability that requires a person to live in an institution.

Valid Binding Nominations

A Binding Nomination is assessed when you pass away. For both Lapsing Binding and Non-Lapsing Binding Nominations in paper-form, it is only valid if:

- > you have made it using this form and completed all sections clearly and correctly
- > you have signed and dated the form in the presence of two eligible witnesses, who have signed and dated the form at the same time as you
- > you have only chosen beneficiaries who are eligible to be nominated
- > First Super receives this form from you before you die.

Your nomination could become invalid if:

- > it is cancelled or, for a Lapsing Binding Nomination, it lapses after three years and you do not renew it, in which case it will revert to a Non-Binding Nomination
- > a beneficiary you nominated is no longer a dependant
- > you do not provide all details requested in the form, or it is not properly witnessed (in this case, we will consider your nomination to be Non-Binding)
- > a beneficiary you nominated dies before you (if you have nominated more than one beneficiary, this person's part will be distributed equally among the other dependants or your Legal Personal Representative, and if there are no other beneficiaries it will be distributed according to super and tax laws).

Changing or cancelling a beneficiary nomination

You can use this form to change or cancel an existing beneficiary nomination. Whenever we receive a new *Nominating Beneficiary Form* from you it automatically overrides any instructions you have provided in the past. Refer to the form on page 2 for which sections to complete to change or cancel a beneficiary nomination.

Tax on death benefits

Death benefits paid to dependants (generally limited to your spouse and minor children) are tax free. The taxable component of a death benefit paid to non-financial dependants will be taxed at special rates. For more information contact the Australian Taxation Office on **13 10 20**.

Combine Your Super Form

Use this form to transfer your full or partial superannuation balance from another fund into your First Super account.

Office Use Only: Member Number

If you are combining super from more than one account, you will need to use a separate form for each account.

In this form we will refer to your other super account as your **from** fund and your First Super account as your **to** fund.

Please complete this form in a blue or black pen using **CAPITAL LETTERS**. Check boxes (✓) where applicable.

Before you combine your super

Before combining your super, you should consider any fees and costs that may apply and the impact on your current insurance cover and benefits. When you combine your super account, any insurance cover you have with your **from** fund does not automatically transfer. If you want to transfer your cover, you will need to do this before combining your super. You should wait until you have received written confirmation from us that your cover has transferred to your First Super account before you combine your super. For more information about transferring your cover, please read the *Insurance guide* at firstsuper.com.au/pds. If you are in a defined benefit scheme with your other fund, you should speak with your employer and/or your other fund about the process of combining your existing account with your First Super account.

Combine your super online

The fastest way to transfer other super to First Super is online. Simply log into your firstonline account at firstsuper.com.au/login and go to 'Combine your super'.

Use my TFN to process my super transfer.

Enter your TFN:

It is not compulsory to provide your TFN, but without it we may not be able to accept all types of contributions from you, you may pay extra tax on your contributions, and it may be harder to keep track of or locate your super.

By providing your TFN, you are authorising us to give this information to your **from** fund, who will use it to confirm your identification with the Australian Tax Office and transfer your super.

Section 3 | Whole or partial transfer

Do you want to transfer the whole balance of your **from** fund to First Super or part of your balance? If you are only transferring part of your balance, tell us how much you wish to transfer.

Whole – transfer my whole account balance. This will close your **from** fund account.

Partial – transfer the nominated amount.
